YAAMA DISINFECTANT FRESH & FRUITY

A highly concentrated hospital grade cleaner and disinfectant that cleans, deodorises, and disinfects in a single step. Powered by quaternary agents for superior antimicrobial performance and infused with a fresh fruity scent, it is ideal for maintaining the highest standards of hygiene across a variety of settings including toilets, amenity blocks, kitchens, food preparation areas, and any space prone to unpleasant odours.

Independently tested by Eurofins Laboratories under the Option B protocol, this disinfectant has been proven to kill 99.999% of bacteria under dirty conditions. Testing confirms:

- Proven efficacy against Staphylococcus aureus and E. coli
- Achieves a ≥ 5 -log reduction (only 1 in 100,000 bacteria survive)
- Validated under Option B (dirty conditions)
- Complete kill achieved within 10 minutes

FEATURES

- Highly concentrated hospital grade cleaner and disinfectant that cleans, deodorises, and disinfects.
- Proven to kill 99.999% of bacteria under dirty conditions.
- Ideal for maintaining the highest standards of hygiene.
- Superior antimicrobial performance with a fresh fruity scent.
- Phosphate free.
- Biodegradable surfactants.
- Safe for food processing areas & septic tanks when used according to dilution instructions.

DIRECTIONS FOR USE

Light Cleaning: Dilute 1:20 with water (50ml per litre). Suitable for routine cleaning and disinfecting of floors and general surfaces.

Heavy Soiling: Use undiluted on high-contamination areas such as toilets, drains, and rubbish bins.

Disinfection: Dilute 1:5 with water (200ml per litre). Apply to the surface, allow a 10-minute contact time, then wipe away.

SUITABILITY OF CHEMICAL FOR FOOD PREPARATION AREAS

When used as directed Disinfectant Fresh & Fruity is suitable for use in kitchens and food preparation areas.
