

ReadyDose™ Neutral Floor Cleaner Tablet

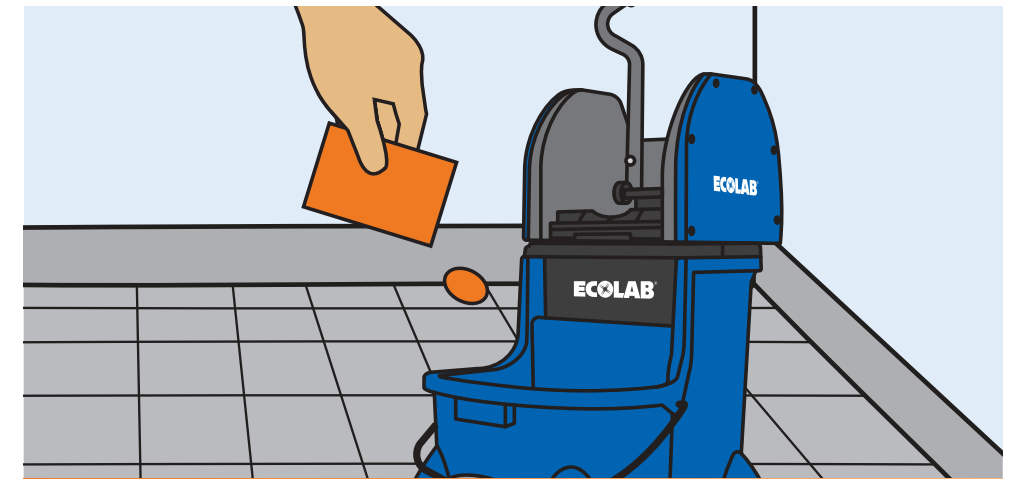

1

Position wet floor signs and place chairs on the tables or away from the floor before cleaning.

2

Vacuum or sweep the floor to remove any loose soils. Wipe up any visible liquid spills.

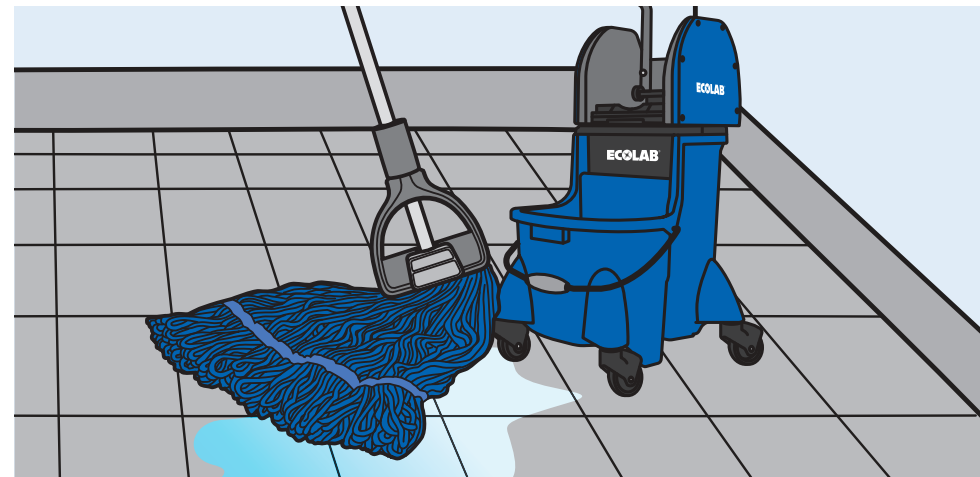

3

Tear open a floor cleaner tablet packet and drop the tablet into a mop bucket. NOTE: Use one tablet per 10L of water

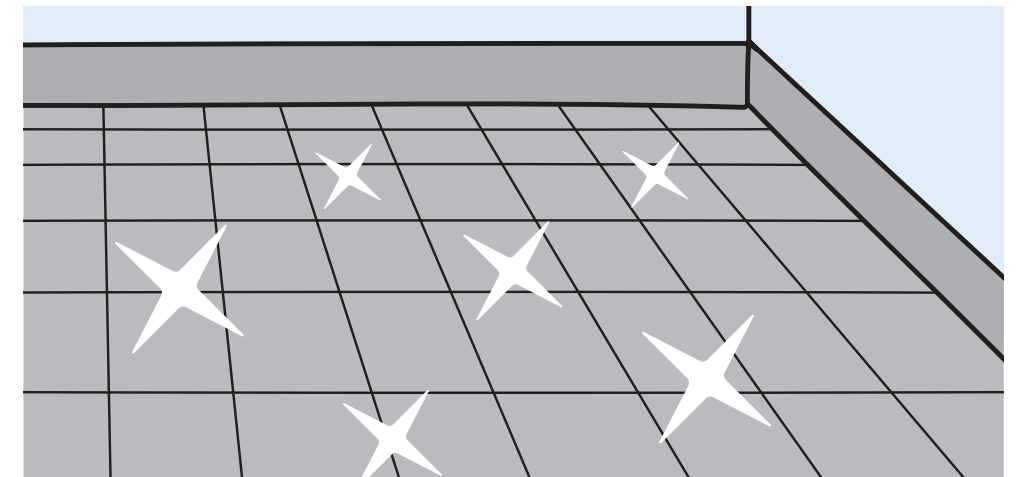

4

Fill mop bucket with 10 L of hot tap water and allow tablet to fully dissolve.

5

Apply solution with a mop.

6

Allow floor to air dry.
